

Homework NYC

What is an App?

An App (short for application) is a way to access content easily on a web site, blog, or desktop. They usually come in ready-to-use formats and can be used to do everything from posting pictures, to creating calendars, to building lists, or even to check the weather.

Examples of an App: Calculator, Calendar, Weather, Flight Tracker, etc.

HomeworkNYC Apps

ListIt! App- Build lists of books, music, games for school or for fun. Share with friends.

AttendIt! App- Search events at all three library systems or add your own: parties, work schedule, concerts, etc. and email the link of the event to your friends.

SearchIt! App- Search catalogs and databases from all three public library systems in NYC, as well as search Google, and Wikipedia.
